POWER VISION

POWER VISION LIMITED COMPANY

Power Vision (PV) is a Saudi-based equipment rental and electro-mechanical company operating in the Saudi Arabia since 2007. Corporate headquarter is located in Jeddah and the main branch in Riyadh.

PWR has completed projects for the government, as well as private sector. PWR targets profitable growth through satisfactory customer service, innovation, quality, reliability and commitment while building shareholder value by delivering specialized and high standard services.

GENERATOR RENTAL SERVICES

No industry can afford to be offline, which is why companies turn to Power Vision (PWV) for their emergency generator needs. We are the most trusted name in the kingdom of Saudi Arabia, providing service, sales, and support for emergency generator systems. Whether a natural disaster, planned power outage or the unexpected strikes, Power Vision provides the power you need to continue operations with our generator rental services.

COMPREHENSIVE GENERATOR RENTAL SERVICES

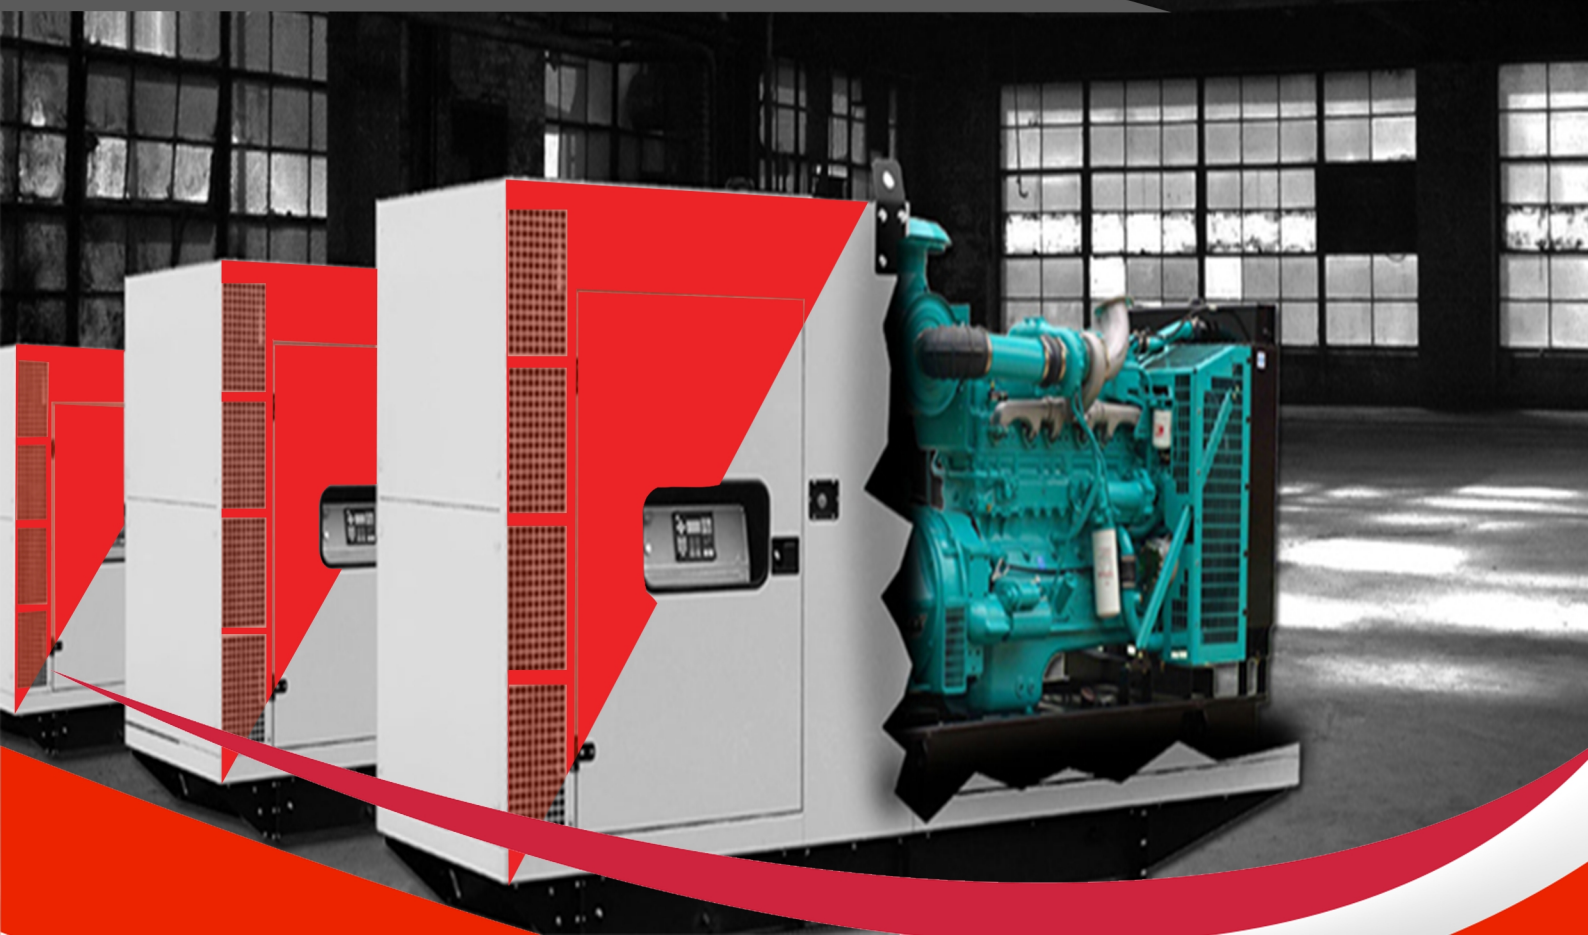

Power Vision provides comprehensive generator rental services. We are a temporary and permanent on-site generator rental provider. Our value blueprint delivers reliable, world-class generators to our customers at a moment's notice. We are fully equipped with factory trained and technically accountable field technicians located across Saudi Arabia. We not only assist with engineering, but we're ready to drop what we're doing to provide the power you need. When your project demands significant amounts of power, Power Vision provides reliable rental generators for a wide range of requirements. We supply diesel-fueled rental gen-sets designed to meet all your emergency power needs.

رؤية
VISION
2030
المملكة العربية السعودية
KINGDOM OF SAUDI ARABIA

MY FIRST OBJECTIVE IS FOR OUR COUNTRY TO BE A PIONEERING AND SUCCESSFUL GLOBAL MODEL OF EXCELLENCE, ON ALL FONTS, AND I WILL WORK WITH YOU TO ACHIEVE THAT...

Custodian of the Two Holy Mosques
King Salman Bin Abdulaziz Al-Saud

A TRUSTED TEAM OF POWER SYSTEMS TECHNICIANS

Our power system services include field service and in-shop maintenance provided by a team of more than 50 factory-trained and certified generator technicians.

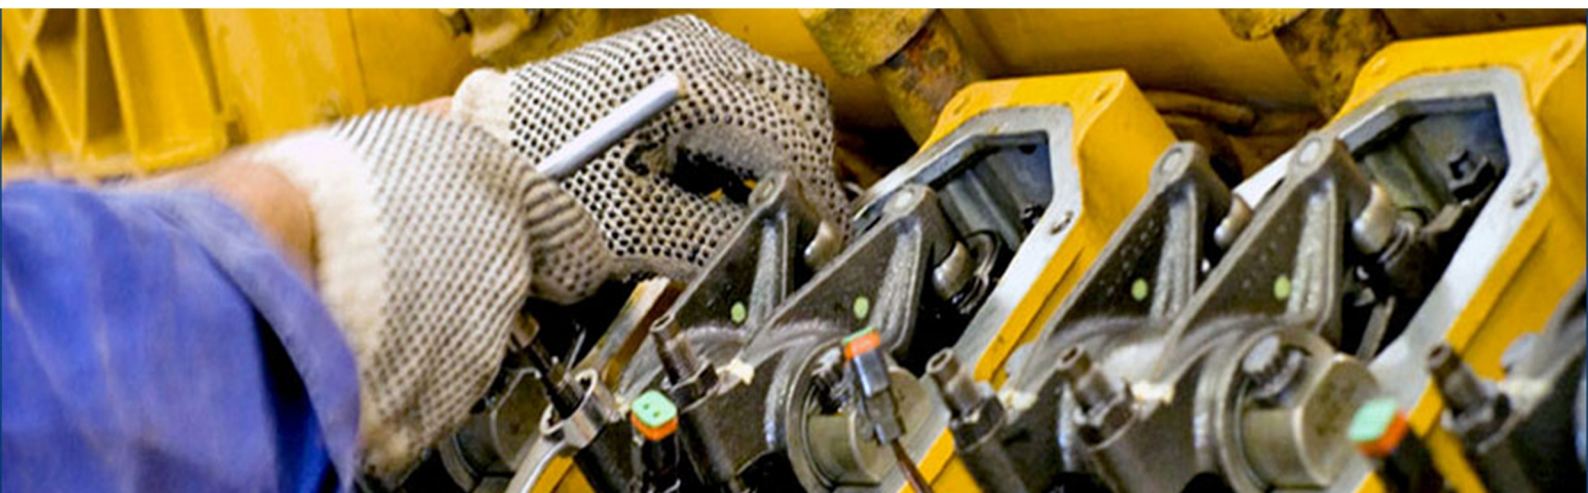

Our technicians are outfitted with state-of-the-art service vehicles equipped with ample tools, meters, ATS controllers, and parts inventory to provide the highest grade service on generators, from 50kVA - 1,400kVA.

Our power system services can be accessed quickly, and a robust communications system connects you to additional support as needed.

Our technicians communicate on a real-time basis with their service manager and additional technical support staff via direct connect services and cellular phones. And our vehicles are monitored with GPS locating services, so the closest technician for a particular site can be contacted and dispatched immediately.

Our industry experience and project management capabilities are unmatched. We proudly deliver on our commitments and work hard to provide comprehensive project management and quality service.

BENEFITS OF USING OUR GENERATOR RENTAL SERVICES

We offer turnkey installation of all generator systems, training, and accessories such as fuel tanks, cable, and transformers. Our technicians will service, fuel, and maintain our generator systems to ensure reliable and efficient performance for our customers in Saudi Arabia.

HEALTH, SAFETY, ENVIRONMENT & COMMUNITY (HSEC)

Underpinning all of the above, Power Vision remains a focused and dedicated HSEC partner.

HSEC is integral to Power Vision values and ingrained in our culture. Power Vision's own

HSEC management system ensures that Power Vision takes a structured and proactive approach to critically identify, flag and actively manage HSEC risks.

Power Vision

is your ultimate power partner.
